AI Accelerated Graphic Designer and Creative Technologist specialising in visual identity, generative artificial intelligence (AI) & digital systems. Experienced in Adobe Creative Suite, Figma, ComfyUI & code-based prototyping, with **500+ client projects** delivered across brand, web, presentation & AI-assisted visual production. Uses emerging tools to make communication clear, accessible & engaging across cultural, community & commercial contexts.

PROJECTS

FOOD Arts & Technology Nov 2025

- Developed AI-powered product, user experience & campaign concepts for **Lego & Spotify**
- Used Gemini, Midjourney & Flux to produce **AI-generated & AI-augmented visual directions**
- Created prototype pipelines for rapid visual iteration, translating AI capabilities into **brand-relevant proposals**
- Reframed user, product & data-led ideas into visual **narratives, recommendations & experience concepts**
- Presented rationale on how AI could support engaging brand, product & customer experiences
- Worked within established brand guidelines, tone of voice & stakeholder feedback

Tech, Tea + Exchange Tate Residency May 2025

- Invite-only UAL, Goldsmiths, Tate & Anthropic residency exploring **generative AI** in creative practice
- Developed **Democratising Design**, an AI-enabled creative system investigating how emerging tools could make visual creation more accessible; won Camberwell College of Arts' **Interaction Design Award**
- Built **local AI workflows**, prompt systems, gesture controls & interactive prototypes using ComfyUI, MediaPipe & TouchDesigner
- Project **exhibited at Tate**, communicating complex AI concepts through an accessible & experiential format

EXPERIENCE

Freelance Graphic Designer Since 2021

- Delivered **500+ client projects** across brand identity, website design, presentation design, apparel graphics, 2D & 3D digital assets, mockups & AI-assisted visuals
- Create pitch materials, brand visuals & **production-ready assets** under **tight deadlines** & evolving briefs
- Translate ideas into visual systems using typography, hierarchy, layout & brand-consistent art direction
- Use Adobe Creative Suite, Figma & generative AI tools to accelerate development, visual exploration & production
- Manage **international clients**, balancing creative ambition, commercial needs & rapid feedback cycles
- Maintain **Fiverr Top Rated Seller & Vetted Pro** status, frequent Fiverr's Choice & an average 5-star rating

UAL Football Head Coach 2025-26

- **Managed** training & logistics for a 60+ player squad
- **Communicated** tactical plans clearly & adapted sessions based on team needs

EDUCATION

BA Graphic Design with 2021-2025

- Diploma in Apple Development
- **First Class Honours & Certified Apple Developer**
- Adobe Certified Professional in Photoshop
- Course Representative
- @University of the Arts London, Camberwell

Foundation Diploma in Art & Design 2020-2021

- **Distinction**
- @SGS College, Bristol

A Levels 2018-2020

- Product Design, English Literature, Physics, Core Maths
- @St Brendan's Sixth Form College, Bristol

SKILLS

Graphic Design

- Brand identity, visual identity, typography, hierarchy & layout
- Presentation design, art direction & production-ready asset creation
- Website design, 2D & 3D digital assets & iterative prototyping

AI & Creative Technology

- Prompt engineering & AI-assisted creative workflows
- Generative image pipelines, visual concepting & rapid iteration
- Interactive systems, custom tools & code-based prototyping

Creative Computing

- Controlled local AI workflows using ComfyUI, Flux, LoRA models & image segmentation
- Gesture-led prototypes using MediaPipe, p5.js & TouchDesigner
- Front-end prototyping with HTML, CSS & JavaScript; developing Python & Swift skills
- Prompt schemas & rule-based systems for structured, repeatable visual outputs

Communication & Delivery

- International client management, consultations & stakeholder feedback
- Cross-cultural collaboration, changing priorities & tight deadlines
- Team leadership, scheduling & logistics for 60+ players
- Led UAL Men's Football Team social media, winning UAL's **Social Media of the Year** award

SOFTWARE & TOOLS

- Adobe: Photoshop, Illustrator, InDesign, AfterEffects, PremierePro
- Design: Figma, Keynote, Glyphs, Blender, TouchDesigner
- AI & code: **ComfyUI**, Flux, Gemini, Midjourney, Python, JavaScript, Swift, HTML, CSS, p5.js

SELECTED LINKS

- **Portfolio:** yze.design/work
- **Generative AI system:** yze.design/democratising
- **AI explained:** yze.design/ai

RESEARCH & DOCUMENTATION

- **Research** into AI's effect on design practice & the creative industries
- **Accessible visual explanations** of generative AI concepts & workflows
- **Process documentation** for experimental systems, prototypes & design research

INTERESTS

- Coaching & playing competitive football
- Endurance running & fitness training
- Building computers & exploring emerging technologies
